LOGO Expressions Celebrates Thirteen Year Anniversary

LOGO Expressions Inc. of Vista, a promotional products company in the Vista Business Park, celebrated their thirteenth year in business in February. The company has increased their sales each year, going from \$440,000 in annual sales in 1999, to almost \$2 million in sales for 2011. Company President Sandra Moffitt attributes the company's success to the hard work of her employees, and also the company's excellent website, www.logoexpressions.com. The company has also hired two new sales reps and expects to hire two more in 2012.
